Dated 8th June 93.

No

The Secretary to the Govern-

ment,

I have the honor to submit herewith, for the orders of Government, Moozrey Officers Memos. A & B, dated 14th April & 25th May 1893 respectively, regarding the complaint of certain Mahomedans in connection with Hamed Shas Makan near Ulsoor gate, Bangalore.

2. It appears that the present Managers of the Makan have, from time to time, been alienating portions of the ground attached to the Makan without spending the proceeds on it, and that graves about it have been allowed to get injured &c. The Moozrey Officer proposes to cancel

the frequent alienations made in favor of one Sahib Khan and another, in perpetuity, as the Committee of Management, and in the case of older alienations he proposes to have the Municipal Tax levied on the houses built thereon paid to the makan, instead of the Municipality, for its upkeep; and finally recommends the dismissal of the present Mozavers for misconduct, and appointment of others instead.

3 I agree with the last proposal, as the present managers have grossly betrayed the trust reposed in them in respect of the makan, and deserve dismissal. I recommend that in their stead, other trustworthy members of the Mahomedan Section interested in it, be elected by a Panchayet with the Khazee at its head, and the makan, with its belongings made over to them on their own

securities for its good management in future. Arrangements to carry this out will be made on receipt of sanction.

4. With regard to the other two proposals of the Mooroy Officer, I beg to submit that they do not seem to be feasible. There are other cases of alienation of land made subsequent to those of Loob. Rowe and Poothcah, and therefore cancelling the latter only would appear to be unjust. If alienations are not to be allowed, the whole of them should be cancelled, and this Council would inflict undue hardship and loss on the present occupiers, who perhaps unsuspectingly purchased the ground for valuable consideration.

5. I would therefore beg to propose that leaving aside the portions sold, the remainder be now measured and the

reserved am

encroachments. It is stated that the Makan ground measured 7½ kolagas, and that the alienated portion would encroach on the assessment comes to more than that. If so, the course suggested would not be at all unfair.

6. As regards the other proposal about diverting the house tax now levied by the Municipality and paying it to the Makan, I would beg to point out that such a course would be quite contrary to Municipal Regulations.

7. Vernacular correspondence on the subject is also forwarded for reference and obliging return.

I have the honor to be
Sir
Your most obedient Servant

C D Maxwell
Dy Commissioner.

The Hon'ble Bangalore &c

Dt. ~~Jan~~ 2d. August 1883

Ref. Weekly Rep.

No. 2376 / 1878. His No. 249 dated 8th June 1883 regarding Hamed Shah's Mukkan near Kilsoor Gate in Bangalore.

With reference to the above the Hon'ble is requested to report from reference to the old records what was the extent of the land comprized in the Mukkan when Compromise was made and whether any boundaries of the Mukkan are given in such records.

2. If the present extent of 7½ Kunis is the old register extent of the Mukkan lands, after numerous alienations, the lands sold by the Mukkanders were supposed to be the property of Govt.

3. From the Vernacular papers now received with the Despatch, it appears that the Mukkan was originally enclosed by trenches and hedges which were levelled & cut down during the time of Major Haines and Col Dobbs late Supts of the Bangalore Dist; and that the ground then formed was given out for building purposes; the Mukkanders receiving the moturfa taxes till the organization of the Municipal Board in the Town of Bangalore which entirely ceased since it is receiving such taxes. It also appears that the alienations were commenced from this period.

4 The Hon'ble is further requested to state whether the present Managers, Meerzan Saib Abdullah Khan

[illegible] Klein be forwarded to the Commissioner
of the Revenue Division, Trichinopoly in charge
of the Maravar, Kallar & Pulaya Agency for
the Collector, Madura regarding the alienations and
the privileges of the Inamdars.

5. A Statement showing the Inam alienations
in the Taluk of Melur under the Sub-Collector
of Madura, made by the Serishtadar of the Melur
Taluk Kachcheri, & the Head of the Melur
Division of Madura Collectorate, the Considerations
& the details of the transactions should be submitted
to us so that the Inam Register connected with
the case, together with any Sanads &
Pattas to the Maravars may have in
their possession.

6. Happens from the Office Record Sanads
in the record of the Office that a Mowah
grant of 12½ Cawnies was formerly
allowed to the Maravars in addition
to the Inam Village of Maidi Agraharam.
and from the Amrai Statement of the
Fasli 1864-65 there was found that there was a grove
of 148 Mango besides Jack & Cocoanut
trees attached to it. The Inamdars
are requested to report whether the
Mowah Grant is continued & the
Condition of the Grove.

7. The Enclosures are returned

No. 24. 1283
Secy.

To the Revenue

Deputy Commissioners Office
Bungalows Dated
Nuwara Eliya Dated 24th Dec/83.

To

The Secretary to the Diwan -
of Kandy -

Sir,

With reference to your No 2-37-178
of the 2nd August last regarding the
Hamid Chairmakan lands, I have the
honor to state that no references are
forthcoming as to the original extent
or the boundaries of the Makan in
question. Nor is there any documentary
evidence in support of the statement
of the peasantry that the extent is 7½
Coodoos The Lieut. of the Makan -
however originally bore "Khanasthoomā
No 349 ing the Survey operations
the Mak s been numbered 29 and
the extan e shewn as the lines and
33 yards e Makandaras appear
to base alleged extent on this Survey
area.

There is no reference as to the points that the land was levelled and given out for building purposes, and that the Mahandans collected the Mokotaya. On the other hand it appears that the tax has been always levied by the Municipality alone.

The 2 individuals viz: Abdulla, Khan and Mustan Khan said to be hereditary hereditary Rajawans of the Makan, but no authority therefor is existing. The others are simply complainants against the Rajawans who explain that they were compelled from time to time by their straitened circumstances to alienate their lands by sale partly for their maintenance and partly to pay up the jodi due to Government on their Makan Inam village called Naidu Agrahar and they contend to be retained in their office

A Statement of alienations with full particulars is herewith

Sub

submitted as called for.

Already money allowance is now paid to the makan. It appears that the allowance was discontinued at the time of late Dewan Poonnah who imposed a jodi of 5 pagodas 5/8 Fanams on the said Pagoda.

As per Amin report of the year Shoobhakrootoo 1842/43 the grove alluded to contained 148 mango, 3 Tamarind, and 3 Jack trees but there are now only 3 Mango trees, the remaining trees having been cut down and taken away by the persons to whom they were sold by the Makandans.

The vernacular file together with the 2 Summuds which the Makandans produced and other documents are herewith forwarded for reference.

The Inam Register has not yet been received from the Offic

ces [illegible] incidents ayant

eu lieu.

J'ai l'honneur de vous

HT

Read:

Letter No. 954 dated 2[illegible] Decemb[illegible] from the Deputy Commr. Bangalore Dt., and correspondence connected with Alias Shahi Makan, near the Mysore Gate, Bangalore.

Order:

The information & Plan Connected with the Makkan in Bangalore Ulsoor Peta is quite meagre: there is no doubt shewing the Exact area of land that was originally attached to the Makkan: the Survey area of four acres Entered in the accounts of the Survey depart is evidently based upon the [illegible] measurement of the Extent pointed out by the Makkandars at the time of the Survey. This is the only sure Guide available and the Dy Comm[r] will issue orders to the Amildar & the Inam Board to guard against any En-croachment on the part of the Makkandars.

The several alienations of grounds near & round about the Makkan, as

building sites, by the present
Mahkhandays & their predecessors
were undoubtedly irregular.
The grounds it is not certain
were really parts of the Mahkam
land & not of the fort: and
if of the Mahkam, it was improper
for the Mahkandays to have
alienated parts of what was
only a trust property. The
Dewan however will not
cancel these alienations some of which
are of very old dates and all of
which have been effected for
valuable considerations, the heavier parts of the
sums paid by the purchasers
going to support the Mahkandays.
Here latter have request
that the municipal tax paid
by the houses built on the
sites thus irregularly alienated
by them, should be paid by the
Mahkam: this cannot be
granted. It is not certain as
observed before that the ground
was not the Government property

nor can any exemption be made in the way solicited as all buildings in Municipal with the exception of temples & other religious & charitable institutions, are ~~exempted~~ liable to the full taxes credited to the Municipality.

The arrangement recommended by the Dy Commr. for the better management of the Market is approved.
